Physician Continuing Education Credits
This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of Brown Medical School and AMERSA. Brown Medical School is accredited by the ACCME to provide continuing medical education for physicians. Brown Medical School designates this educational activity for a maximum of 16 category 1 credits towards the AMA Physician’s Recognition Award. Each physician should claim only those credits that he/she actually spent in the educational activity.

Nursing Continuing Education Credits
Nursing continuing education contact hours have been applied for through the Rhode Island State Nurses Association which is accredited as an approver of continuing education in nursing by the American Nurses Credentialing Center’s Commission on Accreditation.

Social Work Continuing Education Credits
16 total hours will be provided by the Continuing Education Program, Mandel School of Applied Social Sciences, Case Western Reserve University, approved provider #RSXX-058715 of the Ohio Counselor and Social Worker Board. These credits satisfy license renewal continuing education requirements for workers.

Substance Abuse Counselor Hours
Contact hours for substance abuse professionals have been approved by the North Carolina Substance Abuse Professional Certification Board for up to 49.75 hours substance abuse specific credit.
Promoting Partnerships for Change

Conference Objective
At the end of this conference participants should be able to: demonstrate innovative teaching and clinical skills, discuss scientific advances in prevention and treatment of addictions, and continue collaborative mentoring relationships with professional colleagues.

AMERSA’s Mission
AMERSA is a multidisciplinary organization of health care professionals dedicated to improving education in the care of individuals with substance abuse problems. AMERSA’s mission is to:

- Promote leadership and improve training for all health care professionals in the management of problems related to alcohol, tobacco and other drugs.
- Disseminate state-of-the-art scientific information about substance abuse education and research through means such as the National AMERSA Conference and the organization’s journal, Substance Abuse.
- Provide mentoring for health care professionals interested in becoming teachers, clinicians and researchers in the field.
- Promote cultural competence and inclusiveness among health care professionals in their work with individuals affected by alcohol, tobacco and other drug problems.
- Promote collaboration among multiple professions including, but not limited to, medicine, nursing, social work, psychology, dentistry, pharmacology, and public health.
- Build a national network of substance abuse experts who can advise local, national, and international organizations on health professional substance abuse education through representation at national forums.

**One-on-One Mentoring**
The One-on-One Mentoring Breakfast provides an opportunity for selected individuals to meet one-on-one with national leaders in the field of alcohol and other drug abuse. AMERSA is committed to mentorship. Many experienced individuals have expressed their willingness to meet, learn about and provide guidance to other less senior members of the organization. If you would like to spend one hour with a mentor, please stop by the AMERSA registration desk. We will connect individuals with mentors based on specific requests on a first-come, first-serve basis.

### Meet The Professors

For breakfast, join a small group discussion led by an expert in the field. An invited “professor”, one of the many AMERSA or IntnSA members who are leaders in substance abuse education, practice or research, will host your conversation. Each “professor” has selected a question or topic for the focus of informal discussion and debate. Come with your questions and opinions. This year’s topics will include: What factors are critical for institutional curricular change that enhances substance abuse education? How can physicians and nurses work together to address substance-related disorders in medical settings? How can we get adequate addictions content into graduate nursing curriculum? and, Adolescent substance abuse treatment: whose problem is it?

This year’s professors include:

- Merry Armstrong, DNSc, ARNP
- Henrietta Robin Barnes, MD
- Karen Crews, DMD and Venita Sposetti, DMD
- Harvey “Skip” Davis, RN, PhD, CARN, PHN
- Deborah Finnell, DNS, NPP, CARN-AP, APRN-BC
- Peter D. Friedmann, MD, MPH and Margaret Christensen, PhD, RN
- J. Harry Isaacs, MD
- William Lorman, PhD
- Dana Murphy-Parker, MS, RN
- Diane Snow, PhD, APRN, BC, CARN, PMHNP
- Tony Tommasello, Pharmacist, PhD and Virginia Keane, MD
- Alison Trinkoff, PharmD, APRN, BC, CARN
- Janet Wray, RN, PhD

### AMERSA Task Forces

Each task force will include one member of the Executive Board to facilitate plans for ongoing AMERSA activities. All meeting attendees are invited to attend a task force meeting and to participate in projects of the task force throughout the year. AMERSA currently has three task forces:

- Assistance for Healthcare Professionals
- Multicultural
- Physician Education

AMERSA members who wish to apply for task force status or join an existing task force should contact The AMERSA National Office at (401) 349-0000.

The post-conference social event will be a visit to the National Aquarium and then a short shuttle ride to the other side of the harbor for fine dining at Biltmore’s famous Rusty Scupper Restaurant. The Scupper offers a panoramic view of the harbor, and we have arranged for a “Crab Feast” which includes Maryland steamed crabs and crab soup, corn on the cob, potato salad, cole slaw, burgers and hotdogs. If you still have room for dessert, there will be watermelon, cookies and brownies. The Scupper offers shuttle service so that those of us who are too full to walk back to the hotel won’t be left behind.
