Special Interest Groups provide an opportunity for attendees to have focused discussions on various topics including research, practice, and education. Currently, there are four AMERSA Special Interest Groups: **Nursing Initiative**, **Physician Interest Group Initiative**, **Social Work Initiative**, and **Medication for Substance Use Disorders**. All meeting participants are invited to attend one of these interest groups on Friday Breakfast from 7:00am - 8:30am.

## Mentorship

One-on-one mentoring sessions are an opportunity for attendees to meet with national leaders in the field of substance use. Mentoring can focus on career development, research, teaching, and related issues. If you would like to schedule time to meet with a mentor, please stop by the registration desk. A list of this year's mentors and areas of interest is included in your registration packet.

## 42nd Annual National Conference Program Planning

All attendees are invited to nominate topics and speakers for next year's conference program. During this year's conference, plan to join us for the program planning luncheon (if you have pre-registered) on Friday, to discuss and recommend enthralling speakers, cutting edge topics, or thorny dilemmas in addiction medicine, then advocate vigorously for your choices. After the conference, suggestions can still be sent to Matthew Tierney, RN, MSN, NP, the 2018 Program Chair, at [mttierney@ucsf.edu](mailto:mttierney@ucsf.edu), before November 30th for consideration.
