

There are many options for renting a bike in Chicago. These two are close to the conference venues.

Bike and Roll rents bikes and e-bikes and also offers bicycle tours of Chicago. They have a location just a 14 minute walk from the hotels in the fabulous Millennium Park. See the below walking map.

An even closer alternative is Divvy Bikes, which has multiple locations near the hotel where you can rent a bike for short-term use. See the below map for locations near the hotels.
